

NIRANJANA V

Computer Science Engineer | Aspiring AI/ML Engineer

Chidambaram, Tamil Nadu | niranvelu2005@gmail.com | 8667055930

LinkedIn: www.linkedin.com/in/niranjana-v-45a301357 | GitHub: github.com/Anaj-narinV | Portfolio: niranjana28.vercel.app

OBJECTIVE

Final-year B.E. Computer Science and Engineering student seeking a Graduate Engineer Trainee or entry-level AI/ML Engineer position. Experience developing AI/ML and Generative AI (LLMs, RAG) applications, including full-stack AI applications built and deployed. Strong analytical, verbal, and numerical abilities; completed all academic levels on the first attempt with no backlogs or gaps.

EDUCATION

Annamalai University, Chidambaram

Sep 2023 – May 2027

B.E. Computer Science and Engineering | CGPA: 9.14

A.R.G Academy Matric Hr. Sec. School, Chidambaram

Apr 2023

12th Standard | Percentage: 85.8%

RELEVANT SKILLS

AI / ML & Generative AI: Scikit-learn, LLMs, RAG, LangGraph, Prompt Engineering, Gemini API, Ollama, Claude API, Agentic AI

Cybersecurity: Web vulnerability scanning (XSS, security headers, CSRF token checks)

Programming & Frameworks: Python, Flask, Streamlit, React, FastAPI, Full Stack Development

Databases & Tools: MySQL, PostgreSQL, Docker, Git, GitHub, Linux, Postman (API testing), Tesseract OCR, PyPDF2

Aptitude: Aptitude test skills including analytical, verbal, and numerical abilities

Soft Skills: Leadership, Event Organization, Team Coordination, Verbal Communication, Time Management, Problem Solving, Self-Learning, Discipline and Punctuality, First-Attempt Exam Clearance

Languages: Tamil (Native), English (Professional Working Proficiency)

EXPERIENCE

Intern – Cybersecurity, NLC India Limited

Jun 2025

- Developed WebSec_AutoGuard, a Python-based web vulnerability scanner with a CLI and Flask dashboard (details under Projects).

Intern – Artificial Intelligence, Askan Technologies

Jun 2026

- Developed Mentra, an adaptive AI mentoring platform with RAG-based recommendations (details under Projects).

PROJECTS

Mentra — Adaptive AI Mentoring System

React, FastAPI, PostgreSQL, SQLAlchemy, Ollama

- Built an adaptive AI mentoring platform that turns a user's goal, knowledge level, routine, and target date into a personalized roadmap of milestones, weekly goals, and daily tasks.
- Implemented adaptive and recovery logic that re-plans workload from daily check-ins (completed/missed tasks, time available).
- Integrated RAG with a local LLM (Ollama) and prompt engineering for resource recommendations and weak-area detection.
- Added revision planning, reminders, and daily, weekly, and monthly progress analytics.

WebSec_AutoGuard — Web Vulnerability Scanner

Python, Flask, Requests, BeautifulSoup, FPDF

- Built a Python web vulnerability scanner that detects XSS, insecure HTTP, missing security headers (CSP, X-Frame-Options, X-Content-Type-Options), static or missing CSRF tokens, and unbounded input fields.
- Implemented multithreaded scanning (up to 10 threads) across 51+ discovered internal links for faster scans.
- Delivered a CLI and Flask web dashboard to select scan options and view results; generated PDF/JSON reports and scan logs.

StudyPilot — AI-Powered Study Assistant

Python, Streamlit, Gemini API, Tesseract OCR, PyPDF2

- Built an AI study assistant that turns notes, PDFs, or images into answers, quizzes, summaries, and flashcards.
- Implemented doubt-solving chat with memory, difficulty-based quizzes, summaries (bullet/table/paragraph), and flashcards.
- Extracted text from PDFs (PyPDF2) and images (Tesseract OCR), with LLM-based cleanup of misread OCR text.
- Used Gemini 2.5 Flash with tuned prompts for balanced quiz difficulty and quality distractors; deployed on Streamlit Cloud.

Student Burnout Predictor

Python, Streamlit, Scikit-learn, Pandas, NumPy

- Built an ML web app that predicts student burnout level (Low/Medium/High) in real time from academic and lifestyle inputs.
- Trained a Scikit-learn classification model, using Pandas and NumPy for data handling and Matplotlib/Seaborn for analysis.
- Built an interactive Streamlit interface that returns results instantly, and deployed it on Streamlit Cloud.

KEY ACHIEVEMENTS & LEADERSHIP

- Organizing Secretary (Jul 2026 – Present), Executive Member (Jul 2024 – Aug 2026), IEI Student Chapter: organized 2+ tech events, 5+ non-tech events, and workshops reaching 80+ students.
- Class Representative, B.E. CSE, Annamalai University (Sep 2023 – Present).
